SCHOOL OF REVIVAL BIBLE INSTITUTE

About Our School...

The Miracle Arena Bible Institute is committed to training and equipping Christian men and women to be fully adept and knowledgeable in the Word of God, in order to demonstrate God's power in words and action.

All students will participate in the Bible foundation courses and work through to the School of the Supernatural Signs and Wonders, where they will be taught practically how to move in the supernatural power of God.

Interactive Course Study Option

Availability...

New sessions begin approximately every 18-20 weeks. Only one course will be offered per session. Enrolment is open for the first 4 weeks from the date classes begin and it is the student's responsibility to complete all missed up to the date of enrolment.

Structure...

Once the term has begun, students are assigned one lesson per week and are free to complete anytime before the next week's assignment is assigned. Completion of assignments is progressive, meaning you cannot move forward with assignments until the previous one has been submitted. Although, we allow the convenience of enrolment and study at your pace, we find some students benefit from limited structure to assist them in setting a progressive pace to their learning.

Interaction...

Each class session is facilitated by Prophet Dr. Kofi Danso or an assigned instructor. There are two interactive options available; for those within the Greater Toronto Area in-class sessions are held every Thursday at 7pmEST at MAFAN Headquarters. For those outside the GTA and/or international students, classes are streamed live through a private link whereby students can also participate and ask questions.

Self-Paced Study Option

Availability...

Enrolment is open for any of the courses listed.

Flexibility...

If flexibility and time are a factor for you, then this mode of classes is just right for you! Not only are you able to enrol any time but you can also progress through the course at your own pace. With this format, you will not be able to interact with the instructor in realtime however, he or she will still be available to answer your questions and grade your assignments as you work through your assignments.
